***All dates are current as of May 11, 2011, but please consult the [State Examination Schedule](#) page for any changes or updates.***

*Please note: The Department of Education consulted with various groups from both the public and nonpublic sectors for the design of this testing calendar. A concerted effort has been made to avoid scheduling State examinations on days of religious observation. Because each of these tests has scheduled make-up dates, no student should miss out on the opportunity to participate in these tests should the initial test administration in any school take place on a day of religious observation.*
